

Mentor access to Livetext FEM:

Hi - this is an easy fix, but it happens on your mentor teacher's end of things. Please forward these directions:

Go to www.livetext.com

Click on 'Log In'

Enter the mentor teacher's school email address as the Username

Click on 'Forgot Password'

That will generate an email to the school email address that will allow the mentor to reset the password, and then gain entry to Livetext FEM for the placement.
