

Faculty and Staff

The faculty/staff section contains listings of academic personnel, full- and part-time Civil Service/auxiliary personnel, and other administrative staff members.

Each listing reads in this order: name, (office phone), building and office number, position, (department), and E-mail address.

We're proud to have so many outstanding SMSU alumni enriching our campus community. To identify them in this directory, we've added the year they received their undergraduate and/or graduate degree after each of their names. We're grateful for all the talent and creativity they bring to Southwest Minnesota State University.
