

Minnesota State Colleges & Universities Vehicle Fleet Safety Program

- A safety and insurance (risk management) program.
- Program was promulgated by the Risk Management Division of the Department of Administration last summer.
- Parameters have been discussed at Minnesota State-wide meetings of Chief Finance and Facilities Officers, Chief Academic and Student Affairs Officers, Chief HR Officers, IFO M&C, MSCF M&C, and both student organizations general meetings. Other state agencies have discussed with their AFSCME and MAPE employees.

A Minnesota State Technical Advisory Committee has been established with broad representation from colleges and universities; OOC Labor Relations and Department of Administration, Risk Management staff are ad hoc members. The charge of the committee is to guide the implementation and manage operational issues.

- The major provisions and implementation timeline:

These last two points (f. and g.) are still under discussion with the Department of Administration. While Minnesota State will eliminate as much of these activities as possible, until practical and affordable alternatives can be determined, these practices may continue with careful consideration.

Fleet Safety Motor Vehicle Records (MVR) Check Procedure

- Vehicle Use Agreements must be completed and on file for everyone driving on Minnesota State business, whether they use their personal vehicle or a fleet vehicle.
- The agreements should be maintained on campus at an appropriate central location.
- A previously identified employee at the campus central location will fill out the MVR spreadsheet, listing the names they received daily and submit it to either Dave Agren or Carol Morgan in the Risk Management Division. (david.agren@state.mn.us or carol.morgan@state.mn.us) **(These are the only 2 people that will view MVRs)**

See Exhibit 1 for the MVR spreadsheet format to be submitted to RMD

- Within 5 business days RMD will return a list of eligible drivers, based on the criteria established by the Dept. Administration's Risk Management Division (see Exhibit 2), to the campus contact.
- Dave Agren, RMD, will personally talk to the department contact regarding anyone that falls within the conditional guidelines.
 - The only information that will be on file on the campuses is the VUA & and list of eligible drivers.

If an individual is not on the eligible driver list, according to the criteria established by the Risk Management Division (Exhibit 2), it will be their responsibility to obtain a copy of their motor vehicle record and resolve any outstanding issues. Once resolved they can show their advisor, supervisor, etc. an updated copy of their MVR for verification. Then they can be added to the eligible list.

Campuses will have electronic copies, for printing purposes, of the VUA and eligibility guidelines that can be posted. This process should be followed annually for returning drivers and each time a new driver is requesting a vehicle.
