Use the chart above to determine the last meeting time of each of your courses.

1. The column at the left designates the period of the day for the last meeting.
2. For each course, locate on the chart the hour of the first day of the week during which the course was scheduled for the semester.

For example: If your course meets at 10:30am MWF, then your final meeting time will be on Monday at 2:00 pm to 3:50 pm.

If on any day a student has more than two finals he/she may contact the appropriate Dean two weeks prior to final exam week and, upon verification, the Dean shall arrange for the first of the multiple finals to be rescheduled (and second, etc. if the student has four or more finals in one day). If the multiple final situation is caused by a faculty member moving his/her final exam period in violation of the final exam schedule, the Dean shall arrange for that faculty member to reschedule for the student.
