

Dear Elementary and/or Early Childhood Student Teacher Candidate,

This packet has been prepared especially for you, as you apply for Student Teaching. The Office of Placement and Licensure staff – Rhonda Bonnstetter, Faye Johnson, and Stephanie Fladhammer are here to help you with this process.

A few special notes:

- Please be sure to read this application packet and follow all directions carefully.
- Applications are due no later than Thursday, February 13, 2020 if you intend on student teaching during Fall Semester 2020 or Spring Semester 2021.
- Complete your application as soon as possible in order to allow plenty of time to address any issues you have along the way. Please do not let the deadline sneak up on you.
- All Teacher Candidates need to schedule a meeting with their Education advisor. The advisor will help you with the process and they must sign the Teacher Candidate/Education Advisor checklist.
- Complete your Degree Check online through Registration and Records Office. You will need it signed by your advisor and the Education Department Chair.
- Prepare a 'Resume' and 'Letter of Introduction'. See the guidelines included in this packet. These should only be one page; try to limit to front side only, you may use front and back if absolutely necessary. Be sure to check your spelling and grammar. If you need help, please contact the SMSU Writing Center and/or Career Services. A book on writing teaching resumes is on reserve in the library.
- Upload your 'Resume' and 'Letter of Introduction' to LiveText FEM once you receive your placement.
- If you have any questions, please contact the Office of Placement and Licensure.

Happy teaching,

*Dr. Rhonda Bonnstetter*

## **Guidelines for Resume and Letter of Introduction**

### **Professional Resume**

There are a number of ways to write a resume. You need to complete a one page (front and back if needed) resume in a professional manner. Feel free to explore the internet for ideas on the format or contact Career Services here on campus for suggestions. A third option is to go to the SMSU Library and ask for the reserved copy of the following book: *Expert Resumes for Teachers and Educators* by Wendy S. Enelow and Louise M. Kursmark.

### **Letter of Introduction**

The one page letter of introduction should emphasize how you arrived at your decision to become a teacher. Follow the guide A-E below, giving information in a brief, straight to the point format. This letter should be an example of your very best written communication skills. Be sure to type your name at the top of the page. You will want to proofread your letter prior to submitting it. Use spelling/grammar check! It is also a good idea to have another person edit it for spelling and/or grammatical errors. This letter of introduction will be shared with your Classroom Mentor and University Supervisor.

- |                              |  |
|------------------------------|--|
| A. Introduction:             | Introduce yourself   |
| B. Secondary School:         | Where did you go to school?<br>Tell about favorite subjects, etc.                            |
| C. Field Experiences:        | How did your field experiences help you to finalize your decision to become a teacher?       |
| D. Work Experience & Skills: | What jobs have you held?<br>What job skills do you have?                                     |
| E. Career Goals:             | What goals do you have for the future?<br>What do you expect to be doing ten years from now? |

**Remember you are to upload your Resume and Letter of Introduction to LiveText FEM once you receive your placement.**

## Understanding of Student Teaching Expectations and Coaching/Jobs

It is the SMSU Education Department's philosophy that student teaching is a full-time job and requires a student's full attention to be successful. Therefore, the department strongly discourages any outside commitments during this time including coaching and/or jobs. Should you decide to ignore this advice and your student teaching is not satisfactory, you will be placed on a growth plan. If you are unable to meet the expectations of the growth plan your student teaching placement may be discontinued until a time when you are able to fully meet the obligations and rigor of full-time student teaching.

I understand the department's philosophy regarding outside commitments such as coaching and working during the student teaching experience. I understand that I am expected to inform the department of any coaching or work commitments and that I will be held to the same expectations and standards as other students.

*Prior permission from the mentor teacher and faculty is required should coaching duties interfere with student teaching duty days. Any missed days due to coaching will need to be made up.*
