Culinary Internship

The Crossings at Montevideo is an 18-hole golf course and full service Clubhouse. While the golfing may be seasonal, the Clubhouse is open year round with regular hours and for special events.

Our food service manager is Executive Chef Jarod. He has helped with re-designing the entire restaurant from a fry kitchen to a unique culinary experience. We offer a full menu based on the season and weekly specialties which change weekly.

Candidate should have experience or education in food prep. Experience with cooking for large groups is helpful. Candidate would assist Chef Jarod with daily cooking and events, as well as developing the weekly specialties.

We anticipate the season to be from May thru September. Primary hours would be Wednesday-Saturday. Events fall randomly on any day of the week (i.e. a golf tournament on Monday). Compensation would be \$10 per hour with a review after 60 days.
