

Strategic Planning Worksheet

Review the Progress Report of the Biennial Strategic Plan that lists our seven University goals. To help you understand the differences between the goals, look at the one-word descriptions, such as Input, Process, Output, Stewardship, etc. Also, review our Strengths, Concerns, and Recommendations from the Self-Study Report draft. Then complete the worksheet below.

Specific Action Recommended:

What item is it related to in the strategic planning document or self-study report?

What resources will be needed to successfully complete this action?

How will we be able to measure progress and know when the action has been a success?

What party/department is needed to respond to this request for action?

Timeframe: When should the action begin and how long should it take to complete?

Your Name (optional) _____

Please feel free to make as many copies of this form as are needed for your participation in Strategic Planning Day.
