WE ARE AGRELIANT GENETICS
AgReliant Genetics is an industry-leading agricultural bioscience company directly tied to the research, production and sale of corn, soybean and other seeds across North America. At the center of all operations is our collective passion to Help Farmers Grow.

**Founded in 2000** by parent seed companies Groupe Limagrain, of France, and KWS, of Germany.

**3 Great Brands**
- LG Seeds
- AgriGold
- PRIDE Seeds

**Third Largest Seed Corn Company in North America and Also Providing Soybeans, Sorghum and Alfalfa**

**Westfield, Indiana**
Headquartered in Westfield, IN with 11 production and quality testing facilities, 10 research and development sites and three sales offices located throughout the U.S. corn belt and in Ontario, Canada.

**One of Four Global Corn Germplasm Pools**

**900+ Essential Agriculture Industry Employees**

**Top 5 Agriculture Research Programs in North America**
Our Mission

AgReliant Genetics demonstrates commitment to farmer success by developing meaningful relationships, delivering valuable seed solutions, and providing an excellent customer experience.

We accomplish this with exceptional employees working in an engaging culture focused on our core values.
OUR VISION

TRUSTED SEED SOLUTIONS THAT HELP FARMERS GROW.

A commitment to farmer success
OUR CORE VALUES

SAFETY
A commitment to protect the health and well-being of our employees, our contractors, our customers, and the communities in which we operate.

COMM ITMENT
A personal pledge to take ownership of our actions and outcomes in alignment with the long-term view of the Mission of AgReliant Genetics.

INTEGRITY
The courage to always do what is right and behave in a manner consistent with our core values.

EXCELLENCE
The application of knowledge, skills, abilities and resources to continuously improve and achieve outstanding results.

INNOVATION
The drive to discover, develop, and implement creative ideas and approaches to generate value, solve problems, and improve products.
OUR PEOPLE

RESEARCH
Dedicated research and breeding teams developing high-performing hybrids and innovative trait integration systems through the use of our global corn germplasm pool.

PRODUCTION
Detail-driven production teams, operating in 11 best-in-class facilities throughout the Midwest, that provide high-quality seed supplies in reliable delivery windows.

SALES
Field sales and agronomy divisions, operating in the U.S. and Canada, that are dedicated to helping customers maximize crop results through data-driven precision agriculture, elite seed and expert agronomic advice.

SUPPORT
Behind the scenes, support employees are the backbone of all operations providing expert instruction throughout functions including finance, customer service, marketing, business development, legal, compliance, safety, human resources and more.

PRODUCT DEVELOPMENT
Talented product development professionals engineer the pipeline of new and existing products by aligning corporate strategy with research, sales and production.

WHAT WE SELL

SALES BY CROP

21% Soybean

1% Sorghum & Alfalfa

78% Corn
PRODUCTION FACILITIES

- Brimfield, IL
- St. Francisville, IL
- Decatur, IL
- Elmwood, IL
- Wadena, MN
- Ovid, MI
- Ogden, IA
- Battle Creek, NE
- Marcus, IA
- Aroma Park, IL
- Chatham, Ontario
RESEARCH FACILITIES

- Lebanon, IN
- Ft. Branch, IN
- Champaign, IL
- Kirkland, IL
- Ames, IA
- Morris, MN
- Sioux Falls, SD
- Kearney, NE
- Mt. Hope, KS
- Lasjas, Puerto Rico
RESEARCH COUNTER
SEASON LOCATIONS

- Arica, Chile
- Rancagua, Chile
- Salto, Argentina
- Kauai, HI
- Puerto Vallarta, MX
- Lajas, Puerto Rico
- Piura, Peru
OUR BRANDS

Our three great brands provide farmers, grower and dealers across the U.S. and Canada with data-driven precision agriculture, elite seed and expert agronomic advise regardless of operation size or location.
AgriGold

Established in 1936

Francisville, IL

Direct sales approach covering 20 states & 400 counties in U.S.

Products:
Corn
Soybeans

Elite seed corn backed by PROVEN RESULTS.
LG SEEDS

Established in 2018

Westfield, Indiana

Focused on quality products, strong partnerships & bottom-line results

Products:
- Corn
- Soybeans
- Alfalfa
- Sorghum

Rooted in relationships, local expertise, leading genetics & cutting-edge technology
PRIDE SEEDS

Established in 1934

Pain Court, Ontario, CA

Focused on a unique product centered on genetic performance & high yield potential

Products: Corn Soybeans

One of the TOP THREE seed companies in Canada
We are independently owned with a business strategy that is “long-view, farm-focused.”

We are dedicated to helping our farmers, growers and dealer partners grow by providing trusted seed solutions.

Our employees are our family.

We value, and put great emphasis on building and maintaining, meaningful relationships.

We provide unique products through our global corn germplasm pool.

We are respected and trusted in the industry for our partnerships with several agriculture companies and developers.
APPROXIMATE U.S. CORN MARKET SHARE
