University Annual Security Report, Security Department and Relationship with Local Law Enforcement

This document is provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act) and the Higher Education Opportunity Act (HEOA). These two acts along with periodic updates and reauthorizations mandate that institutions of higher education provide specific information. The information in this report includes University policies, crime statistics, fire statistics, safety tips, emergency phone numbers and an overview of some of the programs offered by the University. The annual statistics are prepared by collecting crime data from SMSU Public Safety records, the Office of Student Affairs and other Campus Security Authorities. In addition to information provided by on-campus reporters, the SMSU Public Safety Department also requests crime statistics for specified geographic locations from other local law enforcement agencies. After the crime statistics are compiled, they are included in this Annual Security and Fire Report and submitted to the Department of Education. An electronic copy of this report is available at http://www.smsu.edu/resources/webspaces/campuslife/publicsafety/AnnualSecurityReport.pdf.

Annual Security Report
Pursuant to the Student Right to Know and Campus Security Act, SMSU monitors criminal activity, publishes this report, and maintains a three-year statistical history for the main campus and off campus property or facilities owned or leased by SMSU.

The annual report includes reported crimes alleged to have occurred on the campus, at facilities owned or leased by SMSU and/or the immediately adjacent surrounding public areas. The Director of SMSU Public Safety serves as the primary liaison between the campus and all law enforcement agencies, in order to accurately report crimes alleged to have occurred on campus and public areas immediately adjacent to the campus, the annual report includes the following reports of crime: Murder and non-negligent manslaughter, negligent manslaughter, sex offenses, forcible, non-forcible robbery, aggravated assault, burglary, arson, motor vehicle theft, domestic violence, dating violence and stalking. The report also includes arrests or persons referred for campus disciplinary action for liquor law violations, drug abuse violations and weapons possession.

In addition to the crimes described above, other reported crimes involving bodily injury to any person, and reported crimes of larceny-theft, simple assault, intimidation, and destruction/damage/vandalism of property in which the victim is intentionally selected because of the actual or perceived race, gender, gender identity, religion, sexual orientation, ethnicity, national origin or disability of the victim, must be reported as hate crime statistics, and are recorded as such in this report.
SMSU will notify employees, current students and prospective students of the availability of this report and will provide a copy of the report upon request. Copies of the report may be obtained at SMSU’s Public Safety Department located in the basement of founders Hall or by calling 507-537-7252.

**Daily Crime and Fire Log**

During normal business hours, the daily crime and fire log for the most recent 60-day period is available for the public to view at the SMSU Department of Public Safety Office located in the basement of Founders Hall. Portions of the log that are older than 60 days are available within two business days.

**SMSU Public Safety Department**

University Security officers are employees of Southwest Minnesota State University; they are not certified or sworn peace officers. University Security is not a police department and personnel do not possess law enforcement (arrest) authority. However, personnel do utilize private person arrest authority pursuant to Minnesota State statute 629.37 when appropriate. University Public Safety patrol jurisdiction includes the contiguous SMSU campus, and has jurisdiction to enforce policies at all SMSU owned and controlled properties.

SMSU Public Safety serves the SMSU community 24 hours a day, 365 days a year. The Department consists of 5 professional staff and approximately 30 student security officers who are responsible for safety and security of the University community. They are trained in basic law enforcement practices including, defensive tactics, conflict resolution, crisis intervention, CPR and cultural sensitivity. All criminal incidents on Southwest Minnesota State University’s campus are investigated by University Public Safety and/or in conjunction with the Marshall Police Department. Violators of state and federal law are reported to local law enforcement, while violations of University policies are administered under Southwest Minnesota State University’s statement of student responsibility or in conformance with employee bargaining unit agreements. All community members are encouraged to immediately report crimes that occur on campus or University property to University Public Safety at 507-537-7252 or immediately by dialing 911.

**Relationship with Local Law Enforcement**

SMSU Public Safety maintains a close working relationship with local law enforcement agencies. Southwest Minnesota State University cooperates fully with federal, state and local law enforcement agencies in cases involving on-campus and off-campus jurisdiction or when the resources of another agency can be used to facilitate the resolution of an investigation. SMSU Public Safety and the City of Marshall do have a memorandum of understanding, which formalizes the relationship for sharing patrol, criminal investigations and any other law enforcement related activities. The Marshall Police Department regular communicates crimes occurring around SMSU’s campus through email and quarterly meetings between MPD’s Chief of Police and SMSU’s Director of Public Safety.
Monitoring & Recording Criminal Activity of Off-Campus Student Organizations
SMSU does not have any officially recognized off-campus student organizations.

Crime and Reporting Procedures

Steps to Ensure Prompt and Accurate Crime Reporting
If you are a victim of a crime or witness a crime:

Call University Public Safety (507-537-7252) and 911 for any emergency including medical assistance, fires, suspicious people or activities, crime reports, traffic accidents, or illegal activities.

When reporting a crime or other incident in progress be sure to provide the dispatcher with the following information:

1. The nature of the criminal activity or incident.
2. The location of the criminal activity or incident.
3. The number of persons involved.

- A description of the offender(s), including; Gender,
- Approximate Age Race Height/Weight, Hair
- Color -Style -Facial Hair,
- Attire -Color -Style -Distinguishing logos
- Other distinguishing physical features- such as scars and tattoos
- Vehicle Description, Year, Make and Model, License Plate Number and State
- Note the direction of travel of offenders or vehicles and report those to Campus Public Safety and 911

Anyone involved in an emergency situation, is the victim of a crime or witnesses any criminal activity, is urged to notify SMSU Public Safety as soon as possible by dialing 507-537-7252 or by dialing 911 to reach the Marshall Police Department. Upon receiving a report of a crime, SMSU Public Safety will make contact with the reportee and gather the facts of the incident. Once the facts are documented, an investigation will begin. On-campus crimes may be reported to the Marshall Police Department. While criminal activity and emergencies may be reported directly to law enforcement officials, all faculty, staff and students shall also report this information to University

Public Safety for the purpose of making timely warning reports and annual statistical disclosures.

Confidential Reporting
SMSU encourage accurate and prompt reporting of all crimes to University Public Safety and the appropriate law enforcement agencies. Because some reports are public record under state law, SMSU public Safety cannot guarantee the confidentiality of reports. However, victims and witnesses can make voluntary confidential reports for the purpose of inclusion in the annual disclosure of crime statistics can generally be made to other SMSU Campus Security Authorities, as listed in Fig.1, or by submitting an online Silent Witness Report http://www.smsu.edu/campuslife/publicsafety/forms/form87.html and omitting contact or other identifiable information.

Reports made in this manner can be made anonymously and do not have to include the reporting party’s information. While we cannot guarantee confidentiality, we will make every effort possible to maintain it to the extent allowable by law. The purpose of reports made in this manner helps the public safety department more accurately assess and track the nature of crime in the area of the campus.

You will never be required to file a police report. Confidential reports are included in the annual disclosure of crime.

Pastoral and Professional Counselors
The University does not have procedures that encourage pastoral and professional counselors, at their discretion, to inform those they counsel to report crimes on a voluntary, confidential manner for the purposes of collecting crime statistics.

Reporting to Other Campus Security Authorities
While the University prefers that community members promptly report all crimes and other emergencies directly to University Public Safety at 507-537-7252, we also recognize that some may prefer to report to other individuals or University offices. The Clery Act recognizes certain University officials and offices as Campus Security Authorities.

The Act defines these individuals as an official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take-action or respond to particular issues on behalf of the institution.

While the University has numerous CSAs at the University, we have officially designated the following offices as places where campus community members should report crimes. While the following list is not comprehensive, these are some of the identified CSA’s at Southwest Minnesota State University.

Timely Warnings

Timely Warning

Timely Warnings are usually distributed for the following Uniformed Crime Reporting classifications:

Major incidents of arson, murder/non-negligent manslaughter, and robbery. Cases of aggravated assault and sex offenses are considered on a case by case basis, depending on the facts of the case and the information known by SMSU Public Safety. For example, if an assault occurs between two students who have a disagreement, there may be no on-going threat to other Southwest Minnesota State community members and a Timely Warning would not be distributed.

In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a “timely” warning notice to the community. Sex offenses will be considered on a case by case basis depending on when and where the incident occurred, when it was reported, and the amount information known by University Public Safety. Cases involving property crimes will be assessed on a case by case basis and alerts will typically be sent if there is a discernible pattern of crime. The University Public Safety Director or designee reviews all reports to determine if there is an on-going threat to the community and if the distribution of a Timely Warning is warranted. Timely Warnings may also be posted for other crime classifications and locations, as deemed necessary.

Timely Warnings will be provided to students and employees in a manner that is timely, that withholds the names of victims as confidential, and that will aid in the prevention of similar occurrences. Timely Warning messages are typically created, authorized, and sent by University Public Safety and the University Emergency Response Team. The Director of Public Safety (or the Director’s designee) determines if there is a continuing threat to the University community. In such cases, warnings may be published through campus bulletins, email, personal safety hotline, residence hall bulletins, and the University Public Safety website.
**Emergency Evacuation Procedures and Policies**

Southwest Minnesota State University, upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students or employees occurring on campus will:

1. A Southwest Minnesota State University official will verify that a legitimate emergency or dangerous situation exists, even if all of the pertinent details are not known or are available at the time and immediately notify the campus community.

2. Southwest Minnesota State University officials, in coordination with and at the advice of local first responders, will determine the appropriate segment(s) of the campus community to receive notification.

3. Southwest Minnesota State University will, without delay, and taking into account the safety of the community, determine the content of the notification, unless issuing a notification will, in the professional judgement of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

4. Typically, the University Public Safety Director and the University Emergency Response Team will create, authorize and send the message. SMSU Public Safety will, without delay and considering the safety of the community, determine the content of the notification and initiate the notification, and provide timely updates. Timely updates may be released via the University website, University email, or SMSU Alert. Members of the greater community who are interested in receiving information about emergencies on campus may monitor the University website or sign up for emergency communications via SMSU Alert. Instructions on how to sign up for SMSU Alert messages are available at: [http://www.smsu.edu/campuslife/publicsafety/smsu-alert-signup.html](http://www.smsu.edu/campuslife/publicsafety/smsu-alert-signup.html)

Southwest Minnesota State University after ensuring that local first responders are notified, will activate the active messaging system to provide emergency notification to the campus community. An immediate SMSU Alert containing pertinent emergency notification and information will be disseminated. Other passive and individual messaging will provide redundant and detailed emergency information as soon as reasonably possible.

Southwest Minnesota State University tests its emergency response and evacuation procedures annually in accordance with this policy and applicable state and federal regulations. Tests may be announced or unannounced and emergency response and evacuation procedures are publicized in conjunction with at least one test per calendar year. Results of each test will be documented and include a description of the exercise, the date, time, and whether it was announced or unannounced.

In the event of a crisis situation, SMSU will communicate vital information to the larger community as quickly and efficiently as possible in order to provide the greatest safety for our students, faculty and staff. One or more of the following communication tools will be used to notify students, faculty and staff:

- Web site: Notice posted on the SMSU Home Page
- E-mail: Broadcast message to campus e-mail addresses
• Telephone: Broadcast voice mail to campus extensions
• Text Messaging: Messages will be sent out from the SMSU Department of Public Safety to all subscribers enrolled in the SMSU Alert System.
• Social Media (Facebook, Twitter, etc.)
• Newsletter (paper copy created and hand distributed)

Additionally, a follow-up message will be disseminated using one or more of the listed communication methods. In the event of a campus emergency, SMSU will utilize any or all the following communication tools to disseminate information to the larger community:

• Press Release to media (print and broadcast)
• SMSU Alert System
• Text
• Email
• Telephone
• Web site updates
• Social Media (Facebook, Twitter, etc.)

All faculty, staff and students should learn the evacuation routes and stairwell locations for all campus buildings they frequently occupy. Evacuation maps and information are posted throughout the campus. Special instructions for evacuation of students with disabilities who are known to need assistance with evacuation (i.e. students registered with the Office for Students with Disabilities) are available through the Public Safety Department.

The University conducts emergency response exercises each year, such as fire drills, functional exercises, and tests of the emergency notification systems on campus. SMSU’s emergency response exercises may be announced or unannounced and are designed to assess and evaluate the emergency plans and capabilities of the University. Information about the emergency response and evacuation procedures for SMSU are publicized annually, and the information is available on the SMSU Public Safety website at: [http://www.smsu.edu/campuslife/publicsafety/](http://www.smsu.edu/campuslife/publicsafety/)

In all cases, University emergency responses shall place primary emphasis on the protection of human life, and all reasonable efforts shall be made to protect and preserve University property. The President through Communication and Marketing office will make announcements about whether the University will reduce or suspend operations because of emergency conditions for release to the media.

The University employs Blackboard Connect, SMSU Alert to notify the campus community of emergencies and threats to physical safety. The SMSU Alert System can be utilized in the event of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus. Emergencies may include threats to physical safety in situations such as tornados/severe weather, violence, hazardous materials incidents, fires, etc.

Participation in the SMSU Alert System is not mandatory, but it is encouraged. There
is no fee to subscribe; however, users will still have to pay regular text messaging rates through their cellular providers.

The SMSU Alert System is a service that allows anyone in the SMSU community to receive alerts, news, or other emergency information via text message on their mobile phones. In order to receive emergency text messages on your mobile device, individuals have to choose to be included in the system by providing their cell phone information through SMSU Alert. The SMSU Alert system allows University administrators to send recorded messages to any phone, text messaging to cell phones and/or e-mail messages to email addresses of SMSU students, faculty and staff. To sign up, please follow the provided link:
http://www.smsu.edu/campuslife/publicsafety/smsu-alert-signup.html

Fire Evacuation Procedures
Emergency sirens will sound in the event of a fire. Calmly exit the building via the nearest exit. Do not use elevators! University officials will provide direction and assistance.

Evacuate to a safe distance and remain outside until the all clear message is given.

Severe Weather Shelter Procedures
In the event of severe weather requiring campus occupants to seek shelter an SMSU Alert will be sent advising the campus to proceed to the nearest Severe Weather Shelter area. Calmly proceed to the designated severe weather shelter area in your building.

Remain in the Severe Weather Shelter area until the all-clear message is delivered.

Campus Evacuate/ Lockdown Procedure
In the event of an emergency with implications of immediate harm to the campus community, the Public Safety Department may issue a directive to Run-Hide-Fight, lockdown or evacuate. The Public Safety Department will engage SMSU’s Alert System and other communication methods in an attempt to notify community members. Depending on your location and threat of immediate danger, the first choice maybe to evacuate if safe to do so. If unable to evacuate proceed to the nearest classroom or enclosed area and secure yourself inside. Shut off all sources of light (i.e. lights, computer monitors, television screens, etc.) Stay away from windows and doors remain calm and quiet and wait for instructions from law enforcement or SMSU Public Safety. Please review the attached Run, Hide and Fight video:
http://www.smsu.edu/campuslife/publicsafety/run-hide-fight-video.html

Sheltering in Place
Because sheltering in place may be the protective action recommendation for several emergencies with differing risks, and because sometimes the initial recommendation is to shelter in place followed by relocation, there is no single set of shelter in place procedures. Based on the type of emergency, such as tornado, hostile intruder, or hazardous material release outside, you should consult each relevant section for guidance.
Emergencies change as they progress. The questions to ask yourself are: Am I safer inside or outside? Where am I safest inside? Where am I safest outside?

Security, Access, and Maintenance of Campus Facilities

With the exception of events that are open to the general public and advertised as such, the University’s facilities and programs are generally reserved for accomplishing the objectives and programs of the University. Generally, academic and administrative buildings are open Monday-Friday 7:00 am-11:00 pm, Saturday and Sunday for scheduled events. Hours are expanded or reduced for events, holidays and interim periods as it is seen fit by University administrators. After open access hours, University Public Safety secures all University buildings. Visitors and non-university affiliated groups seeking to utilize University facilities are expected to make prior arrangements with the appropriate University office. Authorization to use the SMSU facilities is determined by the University Scheduling Office.

Access to individual classrooms and laboratories are limited to those enrolled in the courses meeting there. Likewise, access to most programs are limited to those that are enrolled in the program or otherwise authorized to access.

Many cultural and athletic events held in University facilities are open to the public. Other facilities such as the bookstore and library are likewise open to the public during open hours. Only authorized University employees are issued keys to University buildings.

Physical Plant is responsible for the development and operation of campus buildings and grounds. They keep the buildings, classrooms and grounds clean, comfortable and manage the physical development of the campus. SMSU Public Safety staff regularly patrol the campus and report any repair needs (malfunctioning lights or other unsafe conditions) to SMSU Physical Plant. All members of the university community are encouraged to directly report to SMSU Physical Plant problems with facilities or grounds.

**Security and Maintenance of Residence Halls**

Security is the shared responsibility of each resident and staff member. Residents are responsible for locking their rooms and assisting with maintaining a secure facility. All exterior doors are locked 24 hours a day. Exterior doors are accessed through SMSU’s key system. Guests will need to use the outside phone by the main entrance to call a resident in order to gain entrance. Non-residents will not be permitted to enter the hall unless accompanied by a resident.
Jeopardizing residence hall security in any way (e.g. propping outside doors open) is a violation of residence hall policies. Lights out in stairwells should be reported. Residents are advised to carry their identification cards at all times and be prepared to show them in residence facilities and dining centers when asked by staff. Each resident is responsible for the room key issued to him/her.

The primary purpose of the key policy is greater security for the building, residents and their possessions. The Physical Plant and Residence Life are responsible for maintaining the residential facilities. Maintenance problems such as lights out in stairwells, doors not securing properly, should be reported immediately in order for repairs to be completed.

**Education Programs- Awareness & Crime Prevention Programs**

The University engages security awareness programs designed to inform students and employees about campus security procedures and practices and to encourage students and employees to be responsible for their own security and the security of others. To prevent domestic violence, dating/relationship violence, sexual assault and stalking, SMSU’s presents ongoing primary prevention and awareness programs for all incoming students and new employees that:

1. Identifies domestic violence, dating/relationship violence, sexual assault and stalking as prohibited conduct;
2. Defines what behavior constitutes domestic violence, dating/relationship violence, sexual assault, and stalking;
3. Defines what behavior and actions constitute consent to sexual activity in the state of Minnesota and at Southwest Minnesota State University;
4. Provides safe and positive options for bystander intervention that may be carried out by an individual to prevent harm or intervene when there is a risk of domestic violence, dating/relationship violence, sexual assault, or stalking against a person other than the bystander;
5. Provides information on risk reduction so that students and employees may recognize warning signs of abusive behavior and how to avoid potential attacks.

Southwest Minnesota State University has developed an annual educational campaign consisting of presentations that include distribution of educational materials to new students and new employees; participating in the fall new faculty orientation program; presenting programs throughout the year, including sessions such as: skits, clothes line projects, a residence community training program, an annual poster series and web-based training programs related to the 1B.3 Sexual Violence Policy.
Southwest Minnesota State University offered the following primary and ongoing prevention and awareness programs in 2016:

SMSU conducts a number of programs aimed at preventing dating violence, domestic violence, stalking and sexual assault and making the SMSU community aware of the potential of such crimes. These training opportunities are culturally relevant and inclusive of diverse communities. Training also considers environmental risk and protective factors as they occur on the individual, relationship, institution, community, and societal levels.

These programs include nightly security patrols of the campus, providing escorts, inspecting the campus for potentially dangerous areas, and implementing programs to inspect campus lighting and shrubbery.

Residence Hall staff, University Public Safety, Health Center, Counseling Offices and New Horizons Crisis Center provides educational programs concerning sexual assault awareness.

University Public Safety provides on-line training to Campus Security Authorities related to their requirements under the Clery Act. Additional training includes:

There are numerous terms used by Southwest Minnesota State University in our policy and procedures.
Consent: is defined in the state of Minnesota’s state statute code 609.341 as words or overt actions by a person indicating a freely given present agreement to perform a particular sexual act with the actor. Consent does not mean the existence of a prior or current social relationship between the actor and the complainant or that the complainant failed to resist a particular sexual act. A person who is mentally incapacitated or physically helpless as defined by this section cannot consent to a sexual act. Corroboration of the victim’s testimony is not required to show lack of consent.

Consent is also defined at Southwest Minnesota State University under the 1B.3 Sexual Violence Policy. Consent is informed, freely given and mutually understood. If coercion, intimidation, threats, and/or physical force are used, there is no consent. If the complainant is mentally or physically incapacitated or impaired so that the complainant cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes conditions due to alcohol or drug consumption, or being asleep or unconscious. Silence does not necessarily constitute consent, and past consent of sexual activities does not imply ongoing future consent.

Whether the respondent has taken advantage of a position of influence over the complainant may be a factor in determining consent.

Sexual Assault: Means an offense classified as a forcible or non-forcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.

Sexual Assault: An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s Uniform Crime Reporting (UCR) program. Per the National Incident-Based Reporting System User Manual from the FBI UCR Program, a sex offense is “any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.”

- Rape is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- Fondling is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
- Incest is defined as sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- Statutory Rape is defined as sexual intercourse with a person who is under the statutory age of consent.

Under MnSCU & Southwest Minnesota State University’s 1B.3 Sexual Violence Policy, Subpart B., “Sexual Assault” means an actual, attempted, or threatened sexual act with another person without that person’s consent. Sexual assault is often a criminal act that can be prosecuted under Minnesota law, as well as form the basis for discipline under Minnesota State Colleges and Universities (MnSCU) student conduct codes and employee disciplinary standards. Sexual assault includes but is not limited to:

1. Involvement without consent in any sexual act in which there is force, expressed or
implied, or use of duress or deception upon the victim. Forced sexual intercourse is included in this definition, as are the acts commonly referred to as “date rape” or “acquaintance rape.” This definition also includes the coercing, forcing, or attempting to coerce or force sexual intercourse or a sexual act on another.

2. Involvement in any sexual act when the victim is unable to give consent.

3. Intentional and unwelcome touching, or coercing, forcing, or attempting to coerce or force another to touch a person’s intimate parts (defined as primary genital area, groin, inner thigh, buttocks, or breast).

4. Offensive sexual behavior that is directed at another such as indecent exposure or voyeurism.

In Minnesota state statutes, the phrase sexual assault is not specifically used, but would generally fall within the Criminal Sexual Conduct statutes (609.342-609.3451) of the Minnesota Criminal Code.

609.3451 CRIMINAL SEXUAL CONDUCT IN THE FIFTH DEGREE.

Subdivision 1. Crime defined.

A person is guilty of criminal sexual conduct in the fifth degree:

(1) if the person engages in nonconsensual sexual contact; or

(2) the person engages in masturbation or lewd exhibition of the genitals in the presence of a minor under the age of 16, knowing or having reason to know the minor is present.

For purposes of this section, "sexual contact" has the meaning given in section 609.341, subdivision 11, paragraph (a), clauses (i), (iv), and (v), but does not include the intentional touching of the clothing covering the immediate area of the buttocks. Sexual contact also includes the intentional removal or attempted removal of clothing covering the complainant's intimate parts or undergarments, and the nonconsensual touching by the complainant of the actor's intimate parts, effected by the actor, if the action is performed with sexual or aggressive intent.

(o) the actor performs massage or other bodywork for hire, the complainant was a user of one of those services, and nonconsensual sexual penetration occurred during or immediately before or after the actor performed or was hired to perform one of those services for the complainant.
In Minnesota state statutes, the phrase sexual assault is not specifically used, but would generally fall within the Criminal Sexual Conduct statutes (609.342-609.3451) of the Minnesota Criminal Code.

**Dating Violence:** Means violence committed by a person (a) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (b) where the existence of such a relationship will be determined based on a consideration of the following factors: (I) The length of the relationship. (II) The type of relationship. (III) The frequency of interaction between the persons involved in the relationship. For the purposes of this definition—

1. Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
2. Dating violence does not include acts covered under the definition of domestic violence.

According to MnSCU/Southwest Minnesota State University’s 1B.3 Policy, dating and relationship violence includes physical harm or abuse, and threats of physical harm or abuse, arising out of a personal intimate relationship. This violence also may be called domestic abuse or spousal/partner abuse and may be subject to criminal prosecution under Minnesota state law.

In Minnesota State Statutes, dating violence would generally fall within the Domestic Assault statute (609.2242) of the Minnesota Criminal Code. (This statute is provided on the following pages after the following Domestic Violence section.)

**Domestic Violence:** Includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.

Domestic violence would also fall within MnSCU/Southwest Minnesota State University’s 1B.3 Policy of dating and relationship violence. Dating and relationship violence includes physical harm or abuse, and threats of physical harm or abuse, arising out of a personal intimate relationship. This violence also may be called domestic abuse or spousal/partner abuse and may be subject to criminal prosecution under Minnesota state law.

In Minnesota State Statutes, domestic violence would generally fall within the Domestic Assault statute (609.2242) of the Minnesota Criminal Code.

(c) When a person is convicted of assaulting a family or household member and is determined by the court to have used a firearm in any way during commission of the assault, the court may order that the person be prohibited from possessing any type of firearm for any period longer than three years or for the remainder of the person’s life. A person who violates this paragraph is guilty of a gross misdemeanor. At the time of the conviction, the court shall inform the defendant for how long the defendant is prohibited from possessing a firearm and that it is a gross misdemeanor offense to violate this prohibition. The failure of the court to provide this information to a defendant does not affect the applicability of the firearm possession prohibition or the gross misdemeanor penalty to that defendant.

(d) Except as otherwise provided in paragraph (c), when a person is convicted of a violation of this section or section 609.224 and the court determines that the victim was a family or household member, the court shall inform the defendant that the defendant is prohibited from possessing a firearm for three years from the date of conviction and that it is a gross misdemeanor offense to violate this prohibition. The failure of the court to provide this information to a defendant does not affect the applicability of the firearm possession prohibition or the gross misdemeanor penalty to that defendant.

(e) Except as otherwise provided in paragraph (c), a person is not entitled to possess a pistol if the person has been convicted after August 1, 1992, or a firearm if a person has been convicted on or after August 1, 2014, of domestic assault under this section or assault in the fifth degree under section 609.224 and the assault victim was a family or household member as defined in section 518B.01, subdivision 2, unless three years have elapsed from the date of conviction and, during that time, the person has not been convicted of any other violation of this section or section 609.224. Property rights may not be abated but access may be restricted by the courts. A person who possesses a firearm in violation of this paragraph is guilty of a gross misdemeanor.

(g) A defendant who is ordered to transfer firearms under paragraph (f) must file proof of transfer as provided for in this paragraph. If the transfer is made to a third party, the third party must sign an affidavit under oath before a notary public either acknowledging that the defendant permanently transferred the defendant’s firearms to the third party or agreeing to temporarily store the defendant’s firearms until such time as the defendant is legally permitted to possess firearms. The affidavit shall indicate the serial number, make, and model of all firearms transferred by the defendant to the third party. The third party shall acknowledge in the affidavit that the third party may be held criminally and civilly responsible under section 624.7144 if the defendant gains access to a transferred firearm while the firearm is in the custody of the third party. If the transfer is to a law enforcement agency or federally licensed firearms dealer, the law enforcement agency or federally licensed firearms dealer shall provide proof of transfer to the defendant. The proof of transfer must specify whether the firearms were permanently or temporarily transferred and include the name of the defendant, date of transfer, and the serial number, make, and model of all transferred firearms. Upon a finding of imminent risk, the court shall order that the local law enforcement agency take immediate possession of all firearms in the person’s possession. The local law enforcement agency shall exercise due care to preserve the quality and function of the defendant’s firearms and shall return the firearms to the person upon request after the expiration of the prohibiting time period imposed under this subdivision, provided the person is not otherwise prohibited from possessing firearms under state or federal law. The return of temporarily transferred firearms to a person shall comply with state and federal law. Subd. 8. Stalking; firearms.

(a) When a person is convicted of a stalking crime under this section and the court determines that the person used a firearm in any way during commission of the crime, the court may order that the person is prohibited from possessing any type of firearm for any period longer than three years or for the remainder of the person's life. A person who violates this paragraph is guilty of a gross misdemeanor. At the time of the conviction, the court shall inform the defendant for how long the defendant is prohibited from possessing a firearm and that it is a gross misdemeanor to violate this paragraph. The failure of the court to provide this information to a defendant does not affect the applicability of the firearm possession prohibition or the gross misdemeanor penalty to that defendant.

(b) Except as otherwise provided in paragraph (a), when a person is convicted of a stalking crime under this section, the court shall inform the defendant that the defendant is prohibited from possessing a firearm for three years from the date of conviction and that it is a gross misdemeanor offense to violate this prohibition. Property rights may not be abated but access may be restricted by the courts. A person who possesses a firearm in violation of this paragraph is guilty of a gross misdemeanor.

d) If the court determines that a person convicted of a stalking crime under this section owns or possesses a firearm and used it in any way during the commission of the crime, it shall order that the firearm be summarily forfeited under section 609.5316, subdivision 3.

e) Except as otherwise provided in paragraphs (d) and (g), when a person is convicted of a stalking crime under this section, the court shall order the defendant to transfer any firearms that the person possesses, within three business days, to a federally licensed firearms dealer, a law enforcement agency, or a third party who may lawfully receive them. The transfer may be permanent or temporary. A temporary firearm transfer only entitles the receiving party to possess the firearm. A temporary transfer does not transfer ownership or title. A defendant may not transfer firearms to a third party who resides with the defendant. If a defendant makes a temporary transfer, a federally licensed firearms dealer or law enforcement agency may charge the defendant a reasonable fee to store the person’s firearms and may establish policies for disposal of abandoned firearms, provided such policies require that the person be notified via certified mail prior to disposal of abandoned firearms. For temporary firearms transfers under this paragraph, a law enforcement agency, federally licensed firearms dealer, or third party shall exercise due care to preserve the quality and function of the transferred firearms and shall return the transferred firearms to the person upon request after the expiration of the prohibiting time period imposed under this subdivision, provided the person is not otherwise prohibited from possessing firearms under state or federal law. The return of temporarily transferred firearms to a defendant shall comply with state and federal law. If a defendant permanently transfers the defendant's firearms to a law enforcement agency, the agency is not required to compensate the defendant and may charge the defendant a reasonable
processing fee. A law enforcement agency is not required to accept a person’s firearm under this paragraph. The court shall order that the person surrender all permits to carry and purchase firearms to the sheriff.

(f) A defendant who is ordered to transfer firearms under paragraph (e) must file proof of transfer as provided for in this paragraph. If the transfer is made to a third party, the third party must sign an affidavit under oath before a notary public either acknowledging that the defendant permanently transferred the defendant’s firearms to the third party or agreeing to temporarily store the defendant’s firearms until such time as the defendant is legally permitted to possess firearms. The affidavit shall indicate the serial number, make, and model of all firearms transferred by the defendant to the third party. The third party shall acknowledge in the affidavit that the third party may be held criminally and civilly responsible under section 624.7144 if the defendant gains access to a transferred firearm while the firearm is in the custody of the third party. If the transfer is to a law enforcement agency or federally licensed firearms dealer, the law enforcement agency or federally licensed firearms dealer shall provide proof of transfer to the defendant. The proof of transfer must specify whether the firearms were permanently or temporarily transferred and include the name of the defendant, date of transfer, and the serial number, make, and model of all transferred firearms. The defendant shall provide the court with a signed and notarized affidavit or proof of transfer as described in this section within two business days of the firearms transfer. The court shall seal affidavits and proofs of transfer filed pursuant to this paragraph.

(g) When a person is convicted of a stalking crime under this section, the court shall determine by a preponderance of the evidence if the person poses an imminent risk of causing another person substantial bodily harm. Upon a finding of imminent risk, the court shall order that the local law enforcement agency take immediate possession of all firearms in the person’s possession. The local law enforcement agency shall exercise due care to preserve the quality and function of the defendant’s firearms and shall return the firearms to the person upon request after the expiration of the prohibiting time period, provided the person is not otherwise prohibited from possessing firearms under state or federal law. The local law enforcement agency shall, upon written notice from the person, transfer the firearms to a federally licensed firearms dealer or a third party who may lawfully receive them. Before a local law enforcement agency transfers a firearm under this paragraph, the agency shall require the third party or federally licensed firearms dealer receiving the firearm to submit an affidavit or proof of transfer that complies with the requirements for affidavits or proofs of transfer established in paragraph (f). The agency shall file all affidavits or proofs of transfer received with the court within two business days of the transfer. The court shall seal all affidavits or proofs of transfer filed pursuant to this paragraph. A federally licensed firearms dealer or third party who accepts a firearm transfer pursuant to this paragraph shall comply with paragraphs (e) and (f) as if accepting transfer from the defendant. If the law enforcement agency does not receive written notice from the defendant within three business days, the agency may charge a reasonable fee to store the defendant’s firearms. A law enforcement agency may establish policies for disposal of abandoned firearms, provided such policies require that the person be notified via certified mail prior to disposal of abandoned firearms.

**Bystanders Intervention:**

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it. Southwest Minnesota State University promotes a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We

may not always know what to do even if we want to help. Below is a list of some of the ways to be an active bystander. If you or someone else is in immediate danger, call 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are OK.
2. Confront people who seclude, hit on, and/or try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in the Annual Security Report or other resources for support in health, counseling, or with legal assistance.

Risk Reduction

With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one’s risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org).

1. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to avoid isolated areas. It is more difficult to get help if no one is around.
3. Walk with purpose. Even if you don’t know where you are going, act like you do.
4. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
5. Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
6. Make sure your cell phone is with you and charged and that you have cab money.
7. Don’t allow yourself to be isolated with someone you don’t trust or someone you don’t know.
8. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
9. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. Trust your instincts. If you feel unsafe in any situation go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
11. Don’t leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, just get a new one.
12. Don’t accept drinks from people you don’t know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open containers.
13. Watch out for your friends, and vice versa. If a friend seems out of it, is way too
intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.

14. If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).

15. If you need to get out of an uncomfortable situation, here are some things you can do:
   1. Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
   2. Be true to yourself. Don’t feel obligated to do anything you don’t want to do. “I don’t want to” is always a good enough reason. Do what feels right to you and what you are comfortable with.
   3. Have a code word with your friends or family so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
   4. Lie. If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.

16. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

17. If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

Accommodations and Protective Measures Available for Victims

University officials will change a victim’s academic, living, transportation and working situations and take protective measures after an alleged sex offense, incident of domestic/dating violence or stalking if those changes are requested by the victim and are reasonably available. The University will make such accommodations or provide such protective measures if they are reasonably available, regardless of whether the victim chooses to report the crime to University Security or local law enforcement. Examples of options for a potential change to the academic situation may be to transfer to a different section of a class, withdraw and take a class at another time if there is no option for moving to a different section, etc. Potential changes to living situations may include moving to a different room or residence hall. Possible changes to work situations may include changing working hours. Possible changes in transportation may include having the student or employee park in a different location, assisting the student or employee with an escort, assisting the student or employee with developing a safety action plan. University will provide a written notification to students about options for, available assistance in, and how to request changes to academic, living, transpiration and working situations or other protective measures.

To request changes to academic, living, transportation and/or working situations or protective measures, a victim should begin by contacting the Title IX Coordinator in the Office of Equal Opportunity and Title IX (Bellows Academic, 507-537-6544). The Office of Equal Opportunity and Title IX will manage requested changes to academic, living, transportation and/or working situations or protective measures by coordinating with respective University departments, such
as: University Security, Academic Affairs, and/or Human Resources. If a victim wishes to receive assistance in requesting these accommodations, she or he should contact the New Horizon Crisis Center. To the extent of the victim’s cooperation and consent, University offices, including Student Health Services, Counseling Center, University Security, Office of Equal Opportunity and Title IX, and Residential Life will work cooperatively to assist in protecting the complainant’s health, physical safety, work and academic status are protected, pending the outcome of a formal University investigation of the complaint. Further these offices will work together to protect victim privacy and to ensure confidentiality and will assist the victim with reasonable accommodations. For example, if reasonably available, a complainant may be offered changes to academic, living, or working situations in addition to counseling, health services and assistance in notifying appropriate local law enforcement.

Victims may request that directory information on file with the University be withheld by submitting a Data Privacy Request form to the Office of the Registrar.

Regardless of whether a victim has opted-out of allowing the University to share “directory information,” personally identifiable information about the victim and other necessary parties will be treated as confidential and only shared with persons who have a specific need-to-know, i.e., those who are investigating the report or those involved in providing support services to the victim, including accommodations and protective measures. By only sharing personally identifiable information with individuals on a need-to-know basis, the institution will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures. The University does not publish the name of crime victims nor house identifiable information regarding victims in the University Security Department’s Daily Crime Log.

On and Off Campus Services for Victims

Upon receipt of a report of domestic violence, dating violence, sexual assault or stalking, the University will provide written notification to students and employees about existing assistance with and/or information about obtaining resources and services including counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid and assistance in notifying appropriate local law enforcement. These resources include the following:

Investigation and Disciplinary Procedures

Investigations and disciplinary procedures will be conducted by Southwest Minnesota State University officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. Southwest Minnesota State University officials who conduct investigations and disciplinary procedures will not have any bias or conflict of interest toward either the accuser or the accused.

During procedures used in response to a complaint of sexual violence complainants are not required to follow any plan of action, to prevent the possibility of re-victimization. The process will be respectful of the needs and rights of individuals involved and they will be treated with dignity. It is never assumed or suggested that the complainant or victim was at fault for the sexual assault or should have behaved differently to prevent the assault. All proceedings will be prompt, fair, and impartial process from the initial investigation to the final conclusion and conducted within reasonable timeframes. The process will allow for extensions of those timeframes for good cause with written notice to the accuser and the accused of the delay and the reason for the delay. The process will be consistent with these policies and transparent to the accuser and the accused. Timely notice for all meetings at which the accuser or accused both may be present will be provided. The accuser and accused will have equal access to any information that will be used during informal and formal disciplinary meetings and hearings. Student complainants and respondents will have the same opportunity to have an appropriate support person or advisor present at any interview or hearing, in a manner consistent with the governing procedures and applicable data practices law. Employees have the right to representation consistent with the appropriate collective bargaining agreement or personnel
plan. All procedures will be conducted in accordance with applicable due process standards and privacy laws. The complainant and respondent will simultaneously be informed, in writing, of the outcome in a timely manner, as permitted by applicable privacy law. Outcomes will be based on a preponderance of evidence standard, meaning that it is more likely than not that the policy, procedure, or code has been violated. The past sexual history of the complainant and respondent are deemed irrelevant except as that history may directly relate to the incident being considered. A respondent’s use of any drug, including alcohol, judged to be related to an offense may be considered to be an exacerbating rather than mitigating circumstance.

Southwest Minnesota State University takes allegations of sexual violence very seriously and recognizes the consequences such allegations may have on a respondent as well as the complainant. Any individual who knowingly provides false information regarding the filing of a complaint or report of sexual violence, or who provides false information during the investigation of such a complaint or report, may be subject to discipline or, under certain circumstances, legal action. Complaints of conduct that are found not to violate policy are not assumed to be false.

If a complainant or victim no longer desires to pursue a complaint, Southwest Minnesota State University reserves the right to investigate and resolve the complaint as it deems appropriate. Southwest Minnesota State University reserves discretion whether to pursue alleged violations of policy under appropriate circumstances, including, but not limited to, a determination that an effective investigation is not feasible because of the passage of time, or because the respondent is no longer a student or employee of Southwest Minnesota State University.

Investigations and disciplinary procedures will be conducted by Southwest Minnesota State University officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. Southwest Minnesota State University officials who conduct investigations and disciplinary procedures will not have any bias or conflict of interest toward either the accuser or the accused.

Sanctions:

Southwest Minnesota State University may, at any time during the report/complaint process, reassign or place on administrative leave an employee alleged to have violated Board Policy 1B.3, in accordance with the procedures in System Procedure 1B.1.1. Such action must be consistent with the applicable collective bargaining agreement or personnel plan.

Southwest Minnesota State University may summarily suspend or take other temporary measures against a student alleged to have committed a violation of Board Policy 1B.3, in accordance with System Procedure 1B.1.1 or Board Policy 3.6.

Sanctions that may be imposed if a finding is made that sexual violence has occurred include, but are not limited to, suspension, or expulsion of students, or termination from employment for employees. The appropriate sanction will be determined on a case-by-case basis, taking into account the severity of the conduct, the student’s or employee’s previous disciplinary history, and other factors as appropriate. Witnesses or victims who report in good faith an incident of sexual violence will not be sanctioned by Southwest Minnesota State University for admitting in the report to a violation of the student conduct policy on the use of alcohol or drugs.
Actions by a student or employee intended as retaliation, coercion, discrimination, reprisal, or intimidation against an individual for making a complaint or participating in any way in a report or investigation under this policy are prohibited and are subject to appropriate disciplinary action.

SMSU will upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the University against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, SMSU will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

Domestic/dating/relationship violence cases are referred to the Title IX Coordinator and determined under the University’s 1B.3 Sexual Violence Policy using the preponderance of the evidence standard.

Filing an Appeal

The complainant or the respondent may appeal the decision of the decision maker. An appeal must be filed in writing with the president or designee within ten (10) business days after notification of the decision. The appeal must state specific reasons why the complainant or respondent believes the decision was improper. In a complaint against a president or other official who reports directly to the chancellor, an appeal may be considered by the chancellor whether or not the chancellor served as the decision maker.

For employees represented by a collective bargaining agreement, an appeal under this procedure is separate and distinct from, and is not in any way related to, any contractual protections or procedures. During the pendency of the appeal disciplinary or corrective action taken as a result of the decision shall be enforced. In addition, in cases involving sanctions of suspension for ten (10) days or longer, students shall be informed of their right to a contested case hearing under Minnesota Statutes Chapter 14.

The president or designee shall review the record and determine whether to affirm or modify the decision. The president or designee may receive additional information if the president or designee believes such information would aid in the consideration of the appeal. The decision on appeal shall be made within a reasonable time and the complainant, respondent and designated officer shall be notified in writing of the decision, consistent with applicable state and federal data privacy laws. The decision on appeal exhausts the complainant's and respondent's administrative remedies under this procedure except as provided herein.
Southwest Minnesota State University does have a Public Safety Security Department, and therefore maintains a written daily crime log. The crime log records by date the crime was reported, any crime that occurred within the institutions designated Clery geography and that is reported to the Public Safety (Security) Department. The information in the crime log contains the nature, date, time and general location of each crime and disposition of the complaint, if known. Southwest Minnesota State University MUST make an entry or an addition to an entry to the log within two business days of the report of the information to the Public Safety (Security) Department, unless that disclosure is prohibited by law or would jeopardize the confidentiality of the victim.

The institution may withhold information required if there is clear and convincing evidence that the release of the information would:

1) Jeopardize an ongoing criminal investigation or the safety of an individual,
2) Cause a suspect to flee or evade detection, or
3) Result in the destruction of evidence.

Southwest Minnesota State University may disclose any information withheld once the adverse effect described above is no longer likely to occur. The institution can withhold only that information that would cause the adverse effect.

The Public Safety Department makes the crime log for the most recent 60-day period open to public inspection during normal business hours. Southwest Minnesota State University must also make any portion of the crime log, older than 60 days available within two business days or a request for inspection.

Pursuant to the Act, the Department of Public Safety Security Department or Clery Compliance Officer/group monitors criminal activity and publishes this report containing a three-year statistical history of select crimes or incidents that occur. The statistics are gathered from four specific geographic areas; 1) campus (including residence halls if applicable), 2) residence halls (subset of campus if applicable), 3) non-campus University property or University sanctioned buildings or property and 4) public property that is adjacent to campus, and are submitted on an annual basis to the U.S. Secretary of Education.

**On campus** - Any building or property owned or controlled by an institution within the same reasonable contiguous geographic area and used by the institution in direct support of or in a manner related to the institution’s educational purpose, including residence halls; and any building or property that is owned by the institution but controlled by another person, is frequently used by the students, and supports institutional purpose.

*Note: Statistics for the University housing facilities are recorded and included in both the all on-campus category and the on-campus students housing facilities category.*

**Non-Campus building or Property:** Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of or in relation to the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

During normal business hours, the daily crime and fire log for the most recent 60-day period is available for the public to view at the SMSU Department of Public Safety Office located in the basement of Founders Hall. Portions of the log that are older than 60 days are available within two business days.

Sex Offender Registry

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders to register and provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteer’s services or is a student.

Information regarding sex offenders that may work or reside on campus can be found on the State Department of Corrections web site at https://coms.doc.state.mn.us/Level3/, or National Sex Offender Registry at https://www.nsopw.gov, and information regarding Level 2 offenders is available at the local police department at (507)537-7000.

In Minnesota, convicted sex offenders must register with the Minnesota Bureau of Criminal Apprehension Sex Offender Registration Unit. You can link to this information, which appears on Minnesota Bureau of Criminal Apprehension Sex Offender Registration Unit website, by accessing website at https://por.state.mn.us/.

SAFETY TIPS
On Campus
- Don't walk alone; always walk in a group or with a friend. If you do not have someone with whom to walk, contact the SMSU Safety Escort.
- Choose well-lighted paths and avoid shortcuts. If you see an area light out, please report it to the Physical Plant (507-537-7854).
- **Be Aware!** If you believe someone is following you, occasionally look behind you. Immediately head for the nearest lighted building or group of people.
- Don't give your name or your telephone number to strangers.
- If you carry cash, don't flash it. The same goes for ATM's. Use extra caution when using an ATM by checking the surroundings for suspicious persons.

In the Residence Halls
- Never loan or give your room key to anyone.
- **Don't block open residence hall doors!** You never know who may enter. It is dangerous to you and everyone else in the building.
- Don't leave your room or go to sleep with your door unlocked.
- If you live on the ground floor of the residence hall, lock your windows when you leave.
- If you are on an elevator with someone who makes you feel uncomfortable, exit as soon as possible. Don't take any unnecessary risks.
- Be careful when you use the bathroom or visit the lounge late at night, and always lock your doors.
- Discuss these safety tips with your roommate to establish consistent safety practices.
- Report the loss of your keys or access card immediately. SMSU Public Safety (507-537-7252) has a lost and found; the keys or other property may be here.
- If you believe safety is being compromised in your building, tell your RA or Residence Life coordinator.

Bikes
- Use bike racks on campus. They are safer because they are lighted and in plain view.
- Bikes locked to trees may be impounded by the SMSU Public Safety.
- Record the serial number and a physical description (make, model, and color) of the bike. Keep the sales receipt.
- Always lock up your bike. Even if it is inside a building, lock up the room that contains it. Never secure your bike to objects like a chain-link fence; they can easily be cut.
- Get a high-quality lock and use more than one lock to secure components. If you have a quick-release front tire or seat, lock it or take it with you.
- Lights, bags and cycling computers are easy to steal, so consider removing them when not in use.
- Ride smart and safely. Use signals, be aware of car doors and remember to announce yourself to pedestrians on campus and in the surrounding neighborhoods.
Parking Lots
- When approaching your parked car, have your keys ready. Check the interior of your car making sure no one is inside your car before you enter.
- As soon as you are inside your car, lock all your doors.
- Anticipate when you will return to your car - if it is after dark, park beneath a light.
- NEVER DRINK AND DRIVE!

Protect Your Car
- Always Lock! If it is easy for you to get in, it will be easy for others too.
- Windows should always be rolled up completely.
- A car in well-lighted and traveled area is difficult and risky to steal.
- Mark all stereos or other car accessories with an identifying number. If they are stolen, their description and identifying number can be loaded into the National Criminal Information Computer available to police departments all over the United States.
- Don't leave valuable items in view. Put bags and boxes in the trunk and use a stereo with a removable faceplate. Don't ever leave a cell phone out!

Protect your room or apartment:
- Lock your door – even if you are only going out for a short time. It only takes 8 seconds to walk into an open room and steal your valuables.
- Always lock your door and windows when you are asleep. You are also encouraged to lock your door and windows when you are awake.
- Do not prop open locked exterior building doors. These doors are locked for your protection and protection of other residents.
- Never open exterior doors of the building for strangers or non-residents. Always escort your guests to and from the main entrance doors.
- Do not loan your keys or Student ID card swipe to anyone – even a classmate or friend. They may not be careful with them and may misplace them, giving the wrong person access.
- Do not put your name or address on key rings as they may be used to steal your property if found by the wrong person.
- Smoke detectors are provided in each housing unit for your safety. AT NO TIME SHOULD THEY BE DISCONNECTED OR REMOVED (or a fee may be imposed).

Protect your property:
- Personal property (purses, backpacks, calculators, cell phones, etc.) should never be left unattended. Take such items with you if you are leaving the office, classroom, or your residence.
- Take valuables home with you during vacations and school breaks.
- Park your bike where you can keep an eye on it if possible. Always lock your bike.

Protect your automobile:
- Always lock your car doors and never leave your keys or valuable items such as cameras,
• wallets, etc. in plain sight or on the seats in the vehicle.
• Try to park your car in a well-lit area.

Protect yourself at night:
• Avoid walking alone at night.
• Refrain from taking shortcuts; walk where there is plenty of light and traffic.
• Call for an escort in advance.

Protect yourself walking and jogging:
• Avoid walking and jogging alone after dark. If you must travel alone at night, call for someone to escort you to your on-campus destination.
• Walk along well-lit routes.
• Be alert to your surroundings. If you suspect you are being followed, run in a different direction, go to the other side of the street and yell for help, or head quickly for a lighted area or a group of people.
• Have your keys ready when returning to your residence or apartment, and keep your personal or valuable items concealed and close to your body.

Help us protect you:
• Watch for suspicious persons in and around college buildings and in parking lots. Do not pursue them. Call 911 first and then SMSU Public Safety.
  1. Suspicious activity:
     (a) If you see any suspicious activity or people on or near campus, call law enforcement. Do not assume that what you observe is an innocent activity or that it has already been reported.
     (b) Do not assume the person is a visitor or college staff member that you have not seen before.
  2. Suspicious people may be:
     (a) Loitering about at unusual hours and locations; running, especially if something of value is being carried.
     (b) Exhibiting unusual mental or physical symptoms. Person(s) could be under the influence of drugs or otherwise needing medical or psychiatric assistance.
     (c) Carrying property that might be suspicious, depending on the circumstances, going from room to room trying door handles.
• Report all thefts and property loss immediately to Public Safety.
The Higher Education Opportunity Act (HEOA) was signed into law in August 2008
and contains several crucial campus safety components. One of the main provisions of the HEOA is the Campus Fire Safety Right-to-Know Act. This provision calls for all Title IV eligible institutions that participate in Title IV programs and maintain on-campus student housing facilities to publish an annual fire safety report that outlines fires safety systems, policies, practices, and statistics. The following report discloses all information required by HEOA as it relates to Southwest Minnesota State University.

SMSU is committed to fire safety and fire protection standards. To report a fire, call SMSU Public Safety at 537-537-7252. If you have questions about fire protection requirements or wish to have an inspection made by someone, call the Environmental Health & Safety Officer at 507-537-6470.

The State Fire Marshal's Office is the authority having jurisdiction on campus and will make periodic inspections of University buildings. The University Environmental Health & Safety Officer conducts fire and life safety inspections of all University buildings at a minimum of once annually. Correcting the conditions found in these inspections is a cooperative effort of the building occupants and the Physical Plant skilled trades unit.

All SMSU Employees and Students are given information on fire safety information and general fire safety tips annually. Students living in Residence Life facilities receive information and training on fire safety as well as information on Department of Residence Life policies and procedures. Residence Life at a minimum conducts at least 2 fire drills per academic year. Resident Assistants attend a fire and life safety training that involves fire prevention, evacuation, fire hazards, educational content for residents and fire extinguisher operation. SMSU is designated as a No Smoking campus; therefore, smoking is prohibited in all buildings (including residences). Members of the campus community are encouraged to report all fires and fire safety hazards to at least one of the following individuals: Hall Director, Resident Assistant, Director of Housing, Director of Public Safety or the Environmental Health and Safety officer.

Fire Evacuation Procedures, Fire Alarms, and Fire Safety Equipment for All facilities including Student Housing

Fire Safety Precautions:

To ensure proper fire safety precautions, the following items are subject to immediate removal or correction by the Physical Plant personnel, Public Safety, and Residence Life staff members.

1. Any items located within a stairwell or stair enclosure.
2. Any items that restrict the width or any portion of an exit, hallways, aisle or corridor to less than 44 inches.
3. No aisle, exit access, or stairway in a place of occupancy shall be obstructed with items.
4. Any items that obstruct fire emergency equipment (fire alarm pull
stations, fire extinguishers and exit signs).
5. Any items that are determined to be an immediate fire or life safety hazard.
6. Any devises that are restricting fire doors between houses/floors from operating.
7. All exit doors shall be operable.
8. Fire doors separating stairwells from hallways, or smoke partition doors
   are to be equipped with self-closing mechanisms or automatic release
   hold-open devices and must be maintained in working order. They are
   never to be blocked, wedged or tied open.
9. Storage or use of compressed gas cylinders.
10. Bicycles and gasoline-operated vehicles are not permitted in
    hallways, stairwells, or on sidewalks immediately next to exits.

**Fire Escape Plans:**

It is important that you as an individual develop your own personal fire escape plan.
You can develop a fire escape plan by considering the following:
Check out the possible exits to the building, your room/apartment unit is equipped with
a floor map outlining the nearest exits.
   o Walk down the corridor and find the fire exits. Remember; never use
     an elevator in a fire as the call buttons may take you to a floor filled
     with smoke or flames.
   o Count the doorways and any other features between your room and
     the exits. If the corridor is dark and full of smoke, you will need to
     know your way as you crawl along the wall to the exit.
   o Make sure that your smoke detector works in your room and ensure
     that during fire alarm testing that you can hear the fire alarm in your
     room.
   o Students with special needs will meet with their RA/CA within the first
     two weeks of arrival to complete and Individual Action Plan (IAP) that
     addresses evacuation issues during emergencies.

**Fire:**

If you see or smell smoke or fire, pull the nearest fire alarm to alert others, evacuate the
facility, dial 911 and exit. (If you can, tell an RA or other University Officials immediately
that you have seen smoke or fire and its location.)

**Fire Alarms and Possible Fires:**

Fire drills, are mandated by Minnesota State System Office and State law, will be
conducted each semester to insure your familiarity with the sound of the alarms and
your evacuation options. Whenever the fire alarm sounds, Residence Life staff and
Public Safety will insure that the affected building(s) are evacuated in every instance.
To insure your safety, you should do the following IMMEDIATELY upon hearing an
alarm signal.

1. Secure the windows and turn out the lights in the room. It is important that
   you close but do not lock your room door. Leaving your room unlocked
allows you to enter your room quickly again in case you encounter a fire down the hall, etc.

2. Evacuate IMMEDIATELY through the nearest exit door and stand at least 50 feet away from the building. You may be required to move to the official campus evacuations points, which are usually the nearest parking lot.

3. Provide assistance to people on your floor who may need help leaving the hall and bang on doors as you pass them (do not put yourself into danger, though).

4. Assume that any evacuation is a fire situation. Make sure you wear hard-soled shoes and carry a towel to protect your hair and to provide some form of filter for your breathing.

5. Once you exit you must remain outside the building until you are told to re-enter by a Residence Life staff member or city fire official.

6. Clearance to return into the building will not be given until the building has been completely evacuated. Silencing of the alarm is NOT an all-clear sign.

Important Note: It is unlawful to fail to evacuate during a fire alarm. Any such refusal or failure to evacuate will result in some disciplinary action. For everyone’s safety, you must evacuate every time you hear an alarm as quickly as possible.

### On-Campus Student Housing Fire Safety Systems

#### Evacuation for People with Disabilities

The most important factor in emergency planning for people with disabilities is advanced planning.

- If situation is life threatening call the police/fire departments immediately (911).
- Check on people with special needs during an evacuation. A buddy system, where people with disabilities arrange for volunteers to alert them and assist them in an emergency is a good method.
- Always ask someone with a disability how you can help before attempting any rescue technique or providing assistance. Ask how he or she can best be assisted or moved and whether there are any special considerations or items that need to come with the person.

- If you are unable to evacuate a disabled person contact law enforcement or fire personnel and be able to provide them with the person's location that needs
assistance in evacuating.

• Students should inform faculty members of their special needs regarding evacuation, especially prior to an emergency or disaster.

**Response to emergencies (blindness and visual impairment)**

- Offer to lead them out of the building to safety.
- Give verbal instructions about the safest route or direction using compass directions, estimate distances, and directional terms.
- Do not grasp a visually impaired person’s arm. Ask if he or she would like to hold onto your arm as you exit, especially if there is debris or a crowd.

**Response to emergencies (deafness or hearing loss).**

- Get the attention of a person with a hearing disability by touch and eye contact. Clearly state the problem. Gestures and pointing are helpful, but be prepared to write a brief statement if the person does not seem to understand.
- Offer visual instructions to advise of safest route or direction by pointing toward exits or evacuation maps.

**Response to emergencies (mobility impairment).**

- It may be necessary to clear the exit route of debris (if possible) so that the person with a disability can move out or to a safer area. If people with mobility impairments cannot exit, they should move to a safer area for example: Most enclosed stairwells, An office with the door closed, which is a good distance from the hazard.
- Notify police or fire personnel immediately about any people remaining in the building and their locations.
- Police or fire personnel will decide whether people are safe where they are and will evacuate them as necessary.

If people are in immediate danger and cannot be moved to a safer area to wait for assistance, it may be necessary to evacuate them using an evacuation chair or a carry technique.

**If you are trapped inside your room**

- Close the door between you and the fire.
- Stop up cracks and vents to keep smoke and toxic gases out.
- Put a wet cloth over your nose and wait at a window.
- Open the widow a few inches for fresh air. Do not break the glass.
- Hang a sheet or some other article out your window to signal the fire department.
- Do Not panic. Do Not jump. Wait for help.
If Your Clothes Catch Fire
  o Stop. Do Not Run. Drop to the ground or floor immediately and cover your face with your hands. Roll over back and forth to smother the flames.

Once You Have Evacuated the Area
  o Notify civil authorities of anyone that may not be able to physically respond to the fire alarm or use sound judgment to evacuate the area. Do not reenter the building until you are told to do so by civil authorities.

Fire Drills
Fire drills are used to familiarize residents with building’s alarms system, emergency exits that may not normally be used, and the procedures for contacting the fire departments. All residents must evacuate when the fire alarm is activated. Residential Life conducts fire drills twice a year and your cooperation and support is essential during all fires.

Fire Incident Reporting
Students, faculty and staff are instructed to call 911 to report a fire emergency.

Non-emergency notifications (e.g. evidence that something burned) are made to University Public Safety 507-537-7252 for the purpose of including them in the annual Security and Fire Safety Report.

Additional Tips When Encountering a Fire:

- Feel your room door with the palm of your hand. If the door or knob is hot do not open it. If the door is not hot, open slowly and be ready to slam it shut if necessary.
- Check the hallway. If everything is clear, walk to the nearest exist. If there is any smoke in the corridor, crawl into the hallway. Go to the nearest exits. If it is blocked, then use the alternative one. Remember, do not use an elevator.
- Walk down to the ground level. Do not panic. What to Do If Your Room Door Is Hot or Smoke is Dense in the Hall:
- Open the window to vent room if
there is any smoke. If you are on the first or second floor you may be able to drop to ground safely. If you are on a higher level, you are usually better off staying put.

- Let someone know you are in your room. If the phone works, call for help. Dial 911. Hang a bed sheet out the window to signal firefighters.
- If you are able to place wet towels and sheets around your door, do so immediately.
  Get fresh air by making a tent over your head with a blanket at a slightly opened window to get fresh air. If the windows do not open, you may have to break one out with a chair or drawer.
- Finally, as a last resort, if your room becomes untenable, you may be forced to make for the best exit. Remember to keep low.

Fire Statistics

Institutions must maintain a fire log that reflects the nature of the fire, date, time and general location of each fire in on-campus student housing facilities. Southwest Minnesota State University complies with this rule by including all fire-related incidents in the Daily Fire Log. The University Public Safety office maintains a Fire Log of all incidents reported. This log includes the incident type, date incident is reported, date and time of occurrence, general location of each reported incident type and the disposition of the incident if that information is known. University Public safety posts specific incidents in the Fire Log within two (2) business days of receiving a report of an incident and reserves the right to exclude reports from a log in certain circumstances as permitted by law. The most current (up to 60 days) of information is available in the Office of Public Safety in the basement of Founders Hall.

SMSU has adopted and developed numerous safety policies and guidelines to help promote a safe living and working environment at the University. These guidelines and other fire safety information can be accessed at http://www.smsu.edu/campuslife/publicsafety/heoa-compliance.html

Additional protection is provided by University Public Safety Officers who are trained for initial response to fire incidents occurring at University facilities. Officers provide assistance in building evacuation and extinguishment / confinement of small fires. In addition, laboratory safety and evacuation plans are also part of the Environmental Health and Safety (EHS) mission. EHS is dedicated to maintaining the safety of our community by conducting annual inspections, plan reviews, and ensuring evacuation plans are in all laboratories on campus.

Fire Safety Education and Training Programs for Students, and Staff

The University Health and Safety officer, in coordination with Residence Life and University Public Safety, provides annual training to Resident Assistants (RA), Community Assistants and Residence Life Coordinators.

Topics addressed during this training include:

Inspections and Prohibited Items

You have the right to privacy and the security of your room. Through the possession of master and sub-master keys, residence life staff, general maintenance workers, and other authorized University officials, have access to residence hall rooms. Use of these keys may be necessary when:

1. An emergency or student’s health/welfare dictate necessity, e.g. a fire alarm, unconsciousness, the smell of or sight of smoke/something burning, welfare check (student has not been heard or seen in an extended amount of time), etc.
2. Repairs in the room have been requested or are necessary (electrical, plumbing issues, etc.)
3. Semester or holiday break room checks are made to ensure that all required items have been completed prior to break (lights off, thermostat down, refrigerator off and emptied etc.)
4. A staff member has reason to believe that a University code of conduct, Federal, State or City ordinance is being violated. An intrusion search of your room may be performed without you being present. If you do not give consent your room will be sealed and a search warrant may be obtained. During this time, you will not be allowed to access your room for any reason.
5. A civil authority presents a valid search warrant.

In addition to the above 5 reasons, indicated above, authorized University staff may
enter your room for health and sanitation reasons. Rooms kept in an extreme unsanitary condition constitute a health hazard. If such conditions exist, you will be given 24 hours to clean the premises or face paying the cost of professional cleaning and or removal from the residence halls.

In addition, each room will be examined for the presence of prohibited items (e.g., sources of open flames, such as candles; non-surge protected extension cords; halogen lamps; portable cooking appliances in non-kitchen areas; etc.) or prohibited activity (e.g., smoking in the room; tampering with life safety equipment; possession of pets; etc.). This inspection will also include a general assessment of food and waste storage and cleanliness of the room. Prohibited items will be immediately disabled with a locking device or confiscated and donated/discarded if found, without reimbursement.

The Higher Education Opportunity Act (HEOA) was signed into law in August 2008 and contains several crucial campus safety components. One of the main provisions of the HEOA is the Campus Fire Safety Right-to-Know Act. This provision calls for all Title IV eligible institutions that participate in Title IV programs and maintain on-campus student housing facilities to publish an annual fire safety report that outlines fire safety systems, policies, practices, and statistics. The following report discloses all information required by HEOA as it relates to (Southwest Minnesota State University).

**Fire Safety Policies:**

For your own safety and the safety of others, residents are expected to maintain their rooms in an orderly manner at all times in compliance with the following fire regulations: Prohibited:

1. Unattended cooking is not allowed in rooms or kitchens.
2. Use of open flame cooking devices or hot plates are not allowed in rooms.
3. Microwave ovens, popcorn poppers, toasters, coffee pots or other such devices should not be used under lofts and/or near flammable materials.
4. Light bulbs should be used in approved lamps or holders and be of proper wattage for the device; excessive wattage may result in a fire.
5. Light fixtures must not be tampered with in any way, and items which might serve as conductors of electricity should not be hung from them.
6. Room doors must be able to fully open and be self-closing. Room doors must be closed when the room is left unattended or the residents of the room are sleeping. Closet doors may not be removed.
7. An emergency aisle of at least 22 inches must be maintained within the room.
8. When arranging furniture, consideration must be taken so that if tipped over, items do not block the door.
10. Use power strips/surge protectors with breakers instead of octopus plugs or extension cords. Multi plugs or extension cords are not allowed.
11. Power strips/surge protectors must be unplugged after use and should not be placed
under carpet or attached to, woven through or touching metal in any manner.

12. Students are responsible for notifying a Residential Life staff immediately after identifying problems with smoke detectors.

13. Anyone caught tampering with smoke detectors or fire alarms may face criminal charges.

14. Portable heaters are prohibited in student rooms/apartments.

15. Motorbikes or other motorized vehicles may not be stored in students’ rooms or in any residential community.

16. Excessive use of paper on walls is not permitted.

17. Wastebaskets are provided in students’ rooms. Garbage receptacles should not be taken from other areas of the hall into students’ rooms.

18. Highly combustible materials such as propane, gas, lighter fluid, helium, grills, charcoal and firewood are prohibited.

Candles
Candles may not be burned in any residential areas, including student rooms, due to potential fire hazards. New/unburned candles are permitted for decorative purposes only.

Burning of Incense, Sage, Sweet Grass, or Cedar
Incense, sage, sweet grass, cedar, hookahs and similar items are not allowed to be burned in residential communities. An exception for the sole purpose of religious ceremony may be granted with prior approval from your Residence Hall Director within three working days. All requests must be in writing, and student should expect a written response within one business day.

Fire Safety Education:

Fire Drills
As required by state law, a fire drill is scheduled for each semester. These fire drills are unannounced to provide a realistic practice situation. Failure to evacuate during a fire drill or false alarm could result in prosecution. Failure to evacuate will also subject a student to Residential Life disciplinary procedures.

Fire Safety Equipment

Fire extinguishers are located throughout each building for the protection of the residents. Misuse of fire extinguishers including breaking or smashing the fire extinguisher glass will result in disciplinary action by the Department of Residential Life and/or referral to appropriate authorities. State law requires Southwest Minnesota State University to provide smoke detectors and smoke alarms in each residence hall room/apartment. It is a misdemeanor punishable by 90 days in jail and/or $300 to either remove the batteries or alarm from its location. While this represents a violation of state law, it also poses a threat to the safety of students living in the residential community and will be considered a violation of the Student Code of Conduct. Most rooms also have a sprinkler system that will automatically turn on in case of fire. The system will continue to operate until turned off by campus personnel or the fire department. This system can be accidentally activated when hit by an object; therefore, take proper precautions not to accidentally bump the system. There must be at least an 36-inch radius around the sprinkler, with no objects placed on or near it. Students will be held financially liable for the costs of repairs.
responsible for costs associated with damage to the sprinkler system. Vandalism/damages may result in disciplinary action including possible suspension and/or removal from the Residential Life program (as well as restitution).

Evacuation Procedures: Emergency evacuation routes and severe weather locations are posted in all buildings on each floor throughout campus. Residential Life staff provides fire emergency procedures in The Department of Residential Life Student Handbook.

If you hear an alarm:

1. Close windows, open curtains, and turn on lights.
2. Check for heat on door and then open slowly and check for smoke.
3. If smoke is thick and/or fire is present, remain in your room with the door closed. Block air vents and door crack with towel or clothing. Call the Public Safety Security Department at 507-7252 and identify yourself and your location.
4. If smoke is absent, exit the building using the nearest exit. Close and lock your door when you leave.
5. Stand away from the building and do not re-enter until the all-clear is given by Residential Life staff, Southwest Minnesota State University Public Safety Security staff or civil authorities.

If you see a fire:

- Pull alarm in hallways.
- Call 911.
- Exit the building. Evacuation procedures are posted in each building.

Regardless of 911 reports, all fires that occur on Southwest Minnesota State University campus property should be reported to the Southwest Minnesota State University Public Safety Security Department.

Institutions must maintain a fire log that reflects the nature of the fire, date, time and general location of each fire in on-campus student housing facilities. Southwest Minnesota State University complies with this rule by including all fire related incidents in the Daily Fire Log. Southwest Minnesota State University Public Safety Security office maintains a Fire Log of all incidents reported.

This log includes the incident type, date incident is reported, date and time of occurrence, general location of each reported incident type and the disposition of the incident if that information is known. University Public safety posts specific incidents in the Fire Log within two
(2) business days of receiving a report of an incident and reserves the right to exclude reports from a log in certain circumstances as permitted by law. The most current (up to 60 days) of information is available in the Office of Public Safety (Security) in Founders Hall.

**Plans for Future Improvements in Fire Safety** SMSU continues to monitor trends related to residence hall fire incidents and alarms to provide a fire safe living environment for all students. New programs and policies are developed as needed to help ensure the safety of all students, faculty and staff. There are no plans within the next year to upgrade any of the residential facilities fire safety systems or procedures.
