\* Important note about TV's in our residence halls: SMSU's cable TV provider has upgraded the University to digital cable. You may bring a TV to your room, but it MUST have a QAM tuner in order to work with our cable system. Some inexpensive models of TV's do not have this tuner and will not work in our halls. Be sure to check before you move!

## LEAVE AT HOME

Candles, halogen lamps, hot plates with exposed coils, air conditioners, space heaters, etc.

## Things to know

- To hang your wall decorations, use only scotch tape, painter's tape, or sticky tack. Do NOT use masking tape, nails or duct tape. 3M Command products work great if removed carefully.
- Talk with your roommate(s) about the bigger items that you may want in your room (ex: television, refrigerator, microwave, etc.) to avoid duplicate items.
- The mattresses provided are 36"x 80" so you should bring several sets of twin XL sheets. (If you are living in Foundation Resident Apartments, the mattresses are normal twin. If you are living in a Titan, Sirius, Kamasutra, or El Dorado double as a single room, the bed will be full size.)
- In each room you will find a bed, desk, desk chair, and a closet per student, internet jacks (2), and a wastebasket. Some rooms are also equipped with hutches.
- Maximize your packing space by purchasing some items later at the local supercenter or grocery in Marshall. Remember, this is not a complete list. You are truly unique and have a good idea what you will need to comfortably set up your living space in the SMSU Residence Halls.
